English Pharmacy Board

The English Pharmacy Board - *leading and developing pharmacy in England*

Working with the profession, the government, other health professionals and patients, we aim to extend the clinical role of pharmacy and the breadth of our contribution to improve healthcare, public health and social care in England.

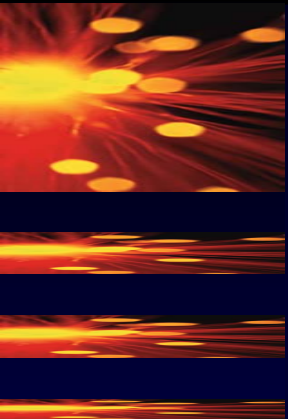

2008 Key Objectives

Lord Darzi – Next Stage Review

- Influence Reference Groups – (future Delivery Groups?)
- Engagement events in London and Manchester

2008 Key Objectives

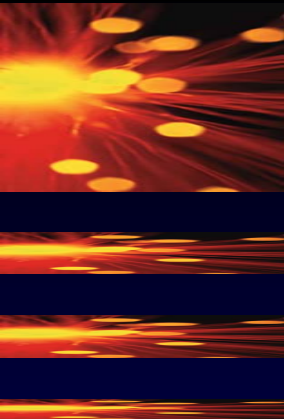

Assist pharmacy practitioners to develop their clinical and professional practice:

- in core roles
- in advanced and specialist roles

2008 Key Objectives

A decorative graphic on the left side of the slide, consisting of a vertical strip of light rays in shades of orange and red, emanating from a bright point at the top left.

Promote commissioning of
patient centred,
medicines focussed,
services

- Mark Britnell meeting
- Harmonisation of Accreditation
